ONE SOUL OUR GOAL ALL YEAR LONG - Remember our goal: I read of those who have wider acquaintance with the brotherhood conditions than I do saying that the church is now going through an identity crisis. That is, it no longer knows clearly what it is. This means that people are confused over what they believe and do not believe. I am disturbed by some greater Tulsa congregations, once strong and active, that in recent years voted to sever ties with the Churches of Christ. Yes we have much to pray about and much to do to reach the lost and earring. Keep after HG goal... for it's the Lords goal.

WORD OF THE WEEK - MARROW - The soft, oleasdnous substance contained in the hollow of the bones of animals (Job 21 :24). Used figuratively to denote the delicate and most satisfying provisions of the gospel (Isa, 25 :6), and for the most secret thoughts of the heart f Heb, 4:12).

BASIC BELIEF - BELIEF IN GOD: God is not known to modern people by the five senses (seeing, hearing, smelling, tasting, and feeling); otherwise, all nations and tongues would know him. This is not to deny that he spoke to people in the past. One cannot prove the existence of God; he can only prove that belief is more reasonable than unbelief. There are various ways in which people have attempted to prove the existence of God. All nations and tribes believe in supernatural beings. How did this idea arise? There is a universal religious instinct. Augustine argues that man is incurably religious. He worships something. So the argument is that there must be something worthy of his worship. In all of history, there is not a case of an animal erecting an altar for worship. People alone have a God consciousness.

HUMOR - IN THE FIRST YEAR of marriage, the man speaks and the woman listens. In the second year, the woman speaks and the man listens. In the third year, they both speak and the neighbors listen.

TIP OF THE WEEK - \$150.00 fine drive with handicap tag hanging from rearview mirror. Also Uncle Ben received \$500.00 fine for out of date handicap tag. Need new one see your DR.

POWER FOR TODAY - .. There is a time to pray and wait on the Lord. We may not see the path or the provision that God has for us or how we will be delivered, but God is waiting for us to be obedient and to take the first step of faith.

HEALTH TIP - Buy Bayer crystals aspirin/keep by bed and in car for heart attacks. Dissolves under the tongue.

LIFE IN AMERICA - The world's worst nuclear accident to date occurs at the Chernobyl. The toll from this disaster is still being tallied, and as many as 70,000 suffered severe poisoning. A large area of land not livable for another 150 years.

KIDS IN CHURCH - My grandson was asked by the teacher "Johnny, do you know how me and God are alike?" Johnny said yep! "You're both old."

WHEN THINGS DON'T MAKE SENSE - Bible warns us that "evil" days will come (Eccl 12:1; Matt 6:34; Eph 5:16). Job observed, "Man that is born of a woman is of few days, and full of trouble" (Job 14:1; At times, there will be events, situations, diagnoses, tragedies, and conditions in our lives that will not make sense. There are mysteries in the New Testament that are not explained.

STATESIDE/OVERSEAS - HG SUPPORTED/INDIA/GARY JONES - Rainbow village has begun in earnest now as we have cleared the land and fenced in the property. Services are being held weekly as we work among the local people to grow the church. We have completed warden's/ caretakers houses, and the workers house that look after the children.

AMERICA YOU DON'T KNOW - Ninth Amendment protects rights not specifically enumerated by the Constitution. It was rarely cited before the second half of the 20th century, when it was used as a partial foundation for the right to privacy in several landmark cases. Around the new border-less portrait of Ulysses Grant appears a subtle, stylized blue and red background image of the American Flag. Lines surrounding was removed and replaced with sky and clouds

LOCK STOCK & BARREL - Don't look a gift horse in the mouth. Examining a horse's teeth is a popular method of gauging how old it is and this proverb advises those who receive gifts against trying to discover what they cost, or what they're worth. The advice is, be happy to have received the gift and leave it at that.

FOCUS - Go deep, not wide. The wise man said, "Let thine eyes look right on, and let thine eyelids look straight before thee" (Proverbs 4:25). Today's distracted culture spawns shallow commitments to many things. Instead, we should make incredibly strong commitments to one or a few things.

NAME OF JESUS - . KING OF THE JEWS: (Matt 2:2) Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him.

LAUGHTER BEST MEDICINE - Burglars broke into a bank after hours and found a lone teller trying to balance his books. After forcing him to open the vault, they tied and gagged him. Quickly tossing all the cash into a duffel bag, they were about to leave when they heard the teller making noises through his gag. Curious" they loosened it and asked what he: was trying to say. "Take my daily balance sheet too," he gasped. "I'm short \$700."

BRAIN TEASER - The saying 'the more you share the more you get'. If you share it, you then don't have it. What is it ?

BIBLE QUIZ - Who was 1st cremated in Bible - Name 2 books in Bible starting with "A - Book that list fruits of the Spirit.

THOUGHT FOR THE DAY - The most valuable gift you can give another is a good example. For I have given you an example, that ye should do as I have done to you. John 13:15

WEEKLY MEMORIZATION - Cut & Keep - Gal 3: 27- For as many of you as have been baptized into Christ

EXPANDING YOUR HORIZONS

ARE YOU READY

by Dalton Key

You may have heard the old saying, "The old must die; the young may die." With just a moment of honest and serious reflection, we are forced by facts to agree. A quick glance at the obituary column, a short stroll through the cemetery, or a casual look through an old family album remind us all too well of death's cold stark reality. The Bible says simply, "It is appointed unto men once to die." (Hebrews 9:27.)

For most people, death provides no genuine hope. Solomon chillingly reported, "And so I saw the wicked buried." (Ecclesiastes 8:10.) Because "the whole world lies in wickedness" (1 John 5:19), the world without Christ sees only despair in death.

But death can be, and can be seen as, a tremendous blessing. Charles Colton wrote of death as "the liberator of him whom freedom cannot release, the physician of him whom medicine cannot cure, and the comforter of him whom time cannot cure." And for the child of God such words are especially true.

"Blessed are the dead which die in the Lord from henceforth: Yes, says the Spirit, that they may rest from their labors; and their works do follow them." (Revelation 14:13.) "Precious in the sight of the Lord is the death of His saints." (Psalms 116:15.)

While the fact of death may well be beyond our control, we do have power to choose whether to die "in the Lord" or not.

JURASSIC PARK METHOD FAILS

The popular movie Jurassic Park presented the scenario where dinosaurs were cloned from DNA found in ancient mosquitoes trapped in amber. Studies of insects just 10,000 years old have shown that the DNA in these insects has degraded so much that it could not be recognized, much less used for something like cloning.

IRAN HIV SKYROCKETS

The Associated Press has released a report from Iranian State television saying that the number of HIV positive citizens registered with the government is 27,000, although that is likely to be five times lower than the actual figure. The endorsement of polygamy and the use of recreational drugs are contributing factors to this huge number, but claims that Islam's teachings reduce the danger of infection with HIV are not supported by the evidence.

MAN'S FOSSIL LINEAGE SIMPLIFIED

One of the areas of great interest to scientists and Bible readers is the meaning of various hominid fossils (Homo) found throughout Africa and western Asia. In the past, the major fossils have been divided into four species: Homo habilis, Homo rudolfensis, Homo ergaster and Homo erectus. We have suggested in this journal that not enough attention was being paid to race in labeling these fossils. The fact that a Pygmy and a Swede are the same species even though they look very different, should be an indicator that instead of being separate species these might be racial variations of the same species. A recent find at a site called Dmanisi in the nation of Georgia shows that "the shape and size of the skulls found there don't exceed those found in modern populations of people ... supporting the idea that all five skulls found at Dmanisi represent a single species. This will be debated among professional anthropologists for some time, but the new finds seem to bring the evidence closer to what the Bible tells us about ancient humans.

NEHEMIAH FOUND IN QUMRAN

A recent discovery of the Book of Nehemiah among some previously unknown Dead Sea Scroll fragments has brought all of the books in the Hebrew Bible except the Book of Esther into the collection of scrolls at Qumran. There are some 900 scrolls involved in the Dead Sea community's remains and the canonicity of the Hebrew Bible is strongly supported by this collection. In the case of Esther, it is likely that this story of a Jewish female protagonist, marrying a gentile Persian king was unpopular with the powers that be in this Essene population and that is why Esther is left out.

DARK ENERGY COMPLICATIONS

Dark energy first made the news in 1998 when researchers found that light from a faraway supernova was dimmer than predicted, suggesting that the universe expansion is accelerating. The traditional explanation has been that dark energy is exerting a negative pressure, pushing space outwards. It was assumed that the pushing was constant. New measurements from distant supernovas shows an increase in acceleration. This suggests an eventual tearing apart of the universe-sometimes referred to as "the big rip." The complexity of the process of creation is huge, and the more data we get the more complexity we see.

BTA - A Secret

Bible - Saul 1 Sam 13:12 - Starts with "A" Acts & Amos - Fruit of Spirit (Galatians 5:22-23)
