ONE SOUL, OUR GOAL ALL YEAR LONG - Remember our goal: It is the elders and should be your hope that this effort may continue to bring glory to the God whose servant we are. Our prayer is that of the psalmist: "So even to old age and gray hairs, O God, do not forsake me, till I proclaim thy might to all the generations to come" (Ps 71:18).

WORD OF THE WEEK - **MULE** - A hybrid animal, the offspring of a horse and an ass. As the Mosaic law forbade the coupling of animals. Lev. 19:19: It is not likely that the Hebrews bred mules; but they were not forbidden to use them.

BASIC BELIEF - **BELIEF IN GOD**: The Bible does not attempt to prove the existence of God; it assumes his existence and declares his activities: "In the beginning God created the heavens and the earth" Gen 1:1. The Bible ends with a declaration of God is the Alpha and the Omega Rev 22:13. Between these two points, Daniel declares, "There is a God in heaven who reveals mysteries" Dan 2:28. Belief in God is an absolute essential of salvation. "Without faith it is impossible to please God, because anyone who comes to him must believe that He exists and that he rewards those who earnestly seek him" Heb 11:6

HUMOR - **WHY DO female black widow spiders kill the males?** To stop the snoring before it starts.

TIP OF THE WEEK - Clean disposal Pour two cups of ice & one-cup of salt or vinegar. Run disposal/water for 10 sec.

POWER FOR TODAY - Where love and mercy reign, people who were divided can be drawn near to each other. God's blessing is recognized where there is peace.

LIFE IN AMERICA - Only 31 days after assuming office, William Henry Harrison, the ninth president of the United States, dies of pneumonia. Harrison declined to wear jacket/hat, made a two hour speech. Soon afterward, he developed pneumonia.

KIDS IN CHURCH - A Bible teacher was telling the class what childhood was like when she grew up: "We used to skate on a pond. Our swing was a car tire, & we picked wild raspberries for snack. One girl said, "Sure wish we knew you sooner!"

SUNDAY NIGHT - I might come back if there were a better group to fellowship with.... Since Christians are washed in the Lamb's blood Rev 7: 14, called out of the world 2 Cor 6: 17, and forgiven of sins Acts 2:38, HG dear hearts are the best people in the world. Not perfect, but better than whoever ya spend time with on Sunday night. No, we do not need a better group but a greater desire to encourage the group.

IS THE END OF TIME NEAR - The last day will be quite eventful as these things occur: Lord's return Jo 6:39-40, Dead raised Jo 5:28-29, Living changed 1 Cor 15:51, Earth burned up 2 Peter 3:10-13, Humanity judged (Matt 25:31-46), Kingdom given to God 1 Cor 15:24, Wicked separated Matt 25:41, and Saved go home 1 Thess 4:15-17. Is that last day near? Some say so. Are they right? How can we know? Montanus followers starting in the 2nd century all the way to this year have been wrong. Jesus said "of that day and that hour knoweth no man, no not the angels which are in heaven, neither the Son, but the Father Mk 13:32; matt 24:36; 25:13& 19. What can we know? More next week.

AMERICA YOU DON'T KNOW - Seventh Amendment: In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury, shall be otherwise reexamined in any court of the United States, than according to the rules of the common law. The \$10.00 Bill Nicknames - **Sawbuck**, based on the resemblance of the **Roman numeral "X" Tenner**, borrowed from British reference to the 10-pound note, is rarely used in the US but generally understood. **Ten Spot**

LOCK STOCK & BARREL - The Devil dances in an empty pocket. An empty pocket is a temptation to robbery. In days gone by many coins carried a cross on one side, so the Devil would never go into a pocket containing 'holy' coins. The only pockets he felt comfortable in were, of course, ones that were empty of coins.

HOW TO GET A GOOD NIGHT'S SLEEP - Practice self-examination. The comedian who said, "The other night, while lying on the couch, I reviewed the high point of my life and fell asleep" might have been on to something. The psalmist listed as a part of his nightly routine: "... my spirit made diligent search" (77:6). Before you turn to sleep at night, examine your conscience with respect to what you have done in the day; particularly what you have done amiss, that you may repent of it?"

NAME OF JESUS - **KING OF THE AGES**: 1 Tim 1:17 Now unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever. Amen.

LAUGHTER BEST MEDICINE - **SHERLOCK HOLMES** and Watson were camping in the forest. They had gone to bed and were lying beneath the night sky. Holmes said, "Watson, look up. What do you see?" "I see thousands of stars." "And what does that mean to you?" Holmes asked. "I suppose it means that of all the planets in the universe, we are truly fortunate to be here on Earth. We are small in God's eyes, but should struggle every day to be worthy of our blessings. In a meteorological sense, it means we'll have a sunny day tomorrow. What does it mean to you, Holmes?" "To me, it means someone has stolen our tent.

BRAIN TEASER - I always drive my customer away.

THOUGHT FOR THE DAY - The most valuable gift you can give another is a good example. For I have given you an example, that ye should do as I have done to you. John 13:15

WEEKLY MEMORIZATION - **Cut & Keep** - Rom 6: 6; 18 Knowing this, that our old man is crucified with him, that the body of sin might be destroyed, that henceforth we should not serve sin. [18] Being then made free from sin, ye became the servants of righteousness.

EXPANDING YOUR HORIZONS

BE CAREFUL WHAT YOU SAY

by Dalton Key

I've heard that folks will believe almost anything - if you whisper it to them. Among the world's most destructive words are those following whispered words such as, "Now don't tell anyone where you heard this, but . . ."

Once spoken, the rumor takes on a life of its own, spreading its malignancy from person to person, from ear to ear, with no concern for the damage done or the lives forever turned upside down. Sticks and stones may well break bones, but words have power to break hearts and destroy reputations.

And how does one go about stopping an ugly rumor? To "unring" a bell, to force freshly squeezed toothpaste back into the tube - these feats would be simpler by far.

Perhaps this is why the Bible warns against those who wander about "from house to house" as "gossips and busybodies." (1 Timothy 5:13.)

And what did the Savior say? "Every idle word that men shall speak, they shall give account in the day of judgment. For by your words you shall be justified, and by your words you shall be condemned." (Matthew 12:36,37.)

Remember this: words never spoken require no retraction.

History Books in Error

The Mel Gabier's constantly challenges textbooks used in America. November 2013 report they announce 249 factual errors they have found in high school history books. The importance of getting kids to realize that just because it is in the book does not make it right cannot be overemphasized.

Letter-Day Saints

(LDS) vs. Baptist battle goes to court. A Baptist minister named Kurt Van Gorden who recently passed away had been evangelizing Mormons at the Mormon Temple in Salt Lake City. Part of his ministry has been passing out literature on the sidewalks surrounding the temple. Security guards for the LDS called police and had Van Gorden put into jail and the city tried to press charges. The mayor of Salt Lake City is a Mormon, and the case went to court and Van Gorden won. The point is that this case shows the wisdom of separating church and state. When one religious group gets control of city laws, it is likely that they are going to push their own agenda. This is precisely the problem with having mandatory prayers in public schools. The dominant religion in every town will get its prayer said, and everyone else will be silenced. Jesus talked about rendering to Caesar the things that are Caesar's and to God the things that are God's. The more you see of the affairs of organized religion, the more you see the wisdom of that teaching.

Chinese Skull Shakes Evolutionary Assumptions

Chinese discoveries of specimens that are as old as any found in Africa are giving some serious challenges. Known as Liujiang County fossils, the Chinese forms are in sediment dated to as much as 153,000 years ago which is even older than African Homo sapiens fossils. The Bible indicates that the birthplace of modern man was in the fertile crescent, but no date is given nor can it be determined indirectly. This is not a biblically significant find, but it may complicate the human origins debate a great deal. -

Mice And Humans Are 99% Identical.

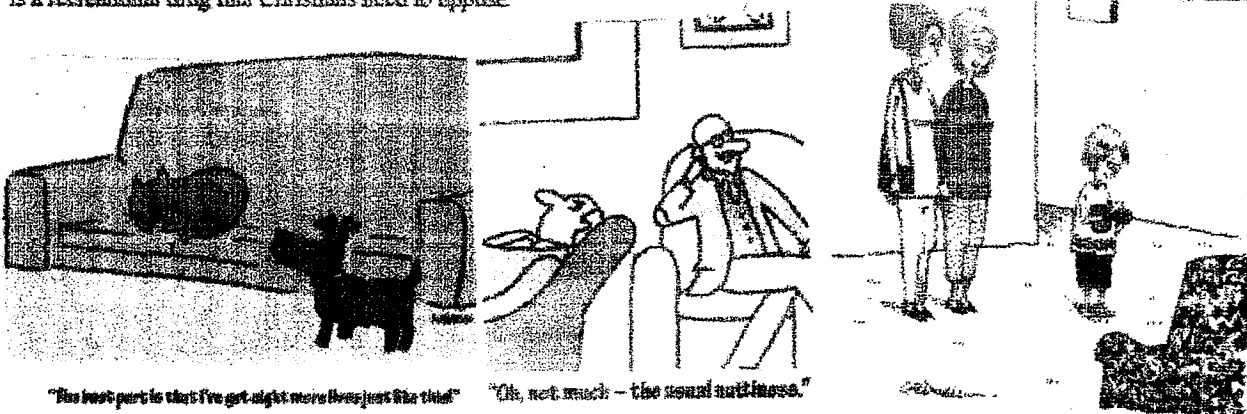

That is true only if you rely on just chosen genetic traits. Like humans, mice have around 30,000 genes and 99% of these "have close human counterparts" according to recent studies. What makes humans and mice different is not just our genes, but what orchestrates the genes and whether they will function or not. The complexity of this issue just gets greater and greater, and we would suggest that the more complicated it gets, the less likely it is that chance can be the cause of what we see.

The earth's orbit is critical to life

Most people realize that how far we are from the sun determines how hot or cold we are here on the earth, which in turn determines whether water can exist as a liquid on the planet's surface. What a lot of people do not realize is that the shape of the earth's orbit is also important. If the earth's orbit was perfectly circular, there would be an accumulation of heat that would threaten the existence of life, and if the orbit were too elliptical there would not be enough heat to allow life to survive. This is just another case of the amazing number of parameters that have to be carefully controlled for a stable planet that can have life to exist on it. Chance is a very weak response to explaining the existence of a life-supporting Planet Earth.

Is Pot Good For You ?

Along these same lines is a push for the legalization in more and more states claiming it has positive medical uses. There are some benefits that can come from eliminating pain or nausea and reducing spasms, but these are best achieved by a method other than smoking marijuana. It also reduces intraocular pressure which can help glaucoma victims. On the negative side, marijuana has 50% more tar than tobacco and is very irritating to lungs and air passages. It causes lung, head, and neck cancer, decreases blood flow to limbs, stresses the heart, alters brain chemistry by hindering critical nervous system signals, impairs perception, and damages mobility. It would seem the claims that marijuana offers major medical helps to people is an exaggeration at best. It is a recreational drug that Christians need to oppose.
