HUMOR - Looking for his missing dog, little Billie said no use hunting on the school yard , "He wouldn't have

gone inside:" "Why not?" asked his friend. "The sign on the fence says No Dogs Allowed;" Billie replied.

WHAT HAPPENED TO THE APOSTLES - Matthias replaced Judas Iscariot (the betrayer of Christ who hanged himself) as the twelfth Apostle of Christ (Acts 1:26). It is believed by most that Matthias was one of the seventy that Christ sent out during his earthly ministry (Luke 10:1). This qualifies him to be an apostle. Matthias, of which the least is known, is said by Eusebius to have preached in Ethiopia. He was later stoned while hanging upon a cross and beheaded..

WORLD WIDE MARTYRS FOR CHRIST - Last decade (2000-2010).178, 000 or avg 17,800 per yr.

KIDS IN CHURCH - Jason sobbed all the way home, and his father asked him what was wrong. "The preacher said he wanted us brought up in a Christian home, and I wanted to stay with you guys

POWER FOR TODAY - We're called to stand in the gap, acknowledging and confessing our sins, and calling out for God's grace and mercy to bring needed changes. Accept your assignment and stand in the gap and pray.

LIFE IN USA - Pinson AL, Mom listed her ailments. "I have thyroid, cholesterol, arthritis, blood pressure and that's just the tip of the iceberg. But I have one saving grace: I don't drink pop or coffee. DR. said "You should."

STATESIDE/OVERSEAS - HG SUPPORTED/SERGH/MACK LYON - Christian parents will give account to God if they do not bring up their offspring in biblical truth about Christianity and morality (Eph, 6:1-4). And, he is a poor excuse for a preacher who cannot define biblical right and wrong from the pulpit.

LOCK STOCK & BARREL - This expression still survives. It means, if a remark is applicable to you, you should apply it to yourself. In the same way, many caps/shoes look the same. But everyone knows their own cap/shoes as soon as they are put on. If the Cap or Shoe fits, take note of it.

MAN'S WAY OR GOD'S WAY - Investigating Methodist - Not necessary to partake Lord's Supper weekly; quarterly is practice. Bible; 1st century Christians communed each week. Acts 20:7, 1 Cor 16:1-2, Steadfastly Acts 2:42

NAME OF JESUS - SON OF GOD: (Matthew 2:15) And was there until the death of Herod: that it might be fulfilled which was spoken of the Lord by the prophet, saying, Out of Egypt have I called my son.

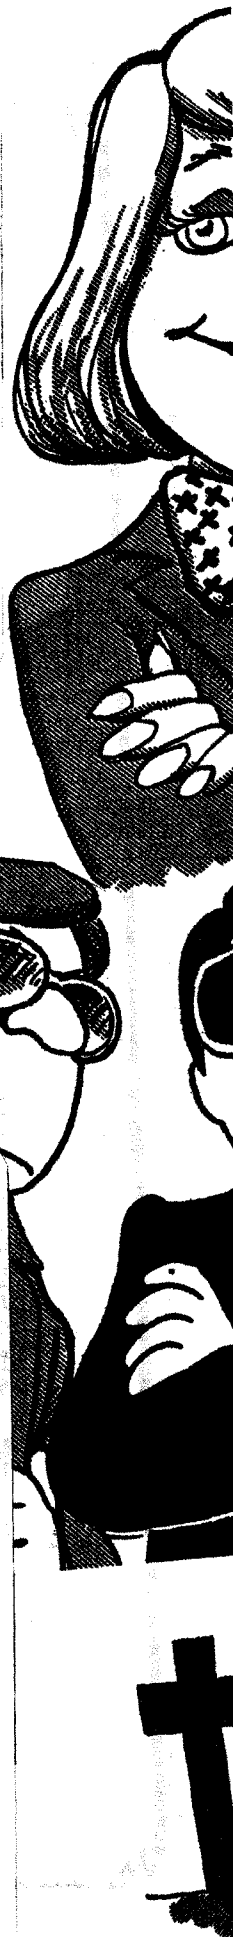

MAN'S FREE WILL - Deut. 30:19 I have set before you life and death ... therefore choose life

WHY DO BIRDS MIGRATE -Hormonal changes triggers the migration patterns. One reason why birds fly back to the North: Safety, they are more vulnerable to predators when nesting, and many mammals don't migrate.

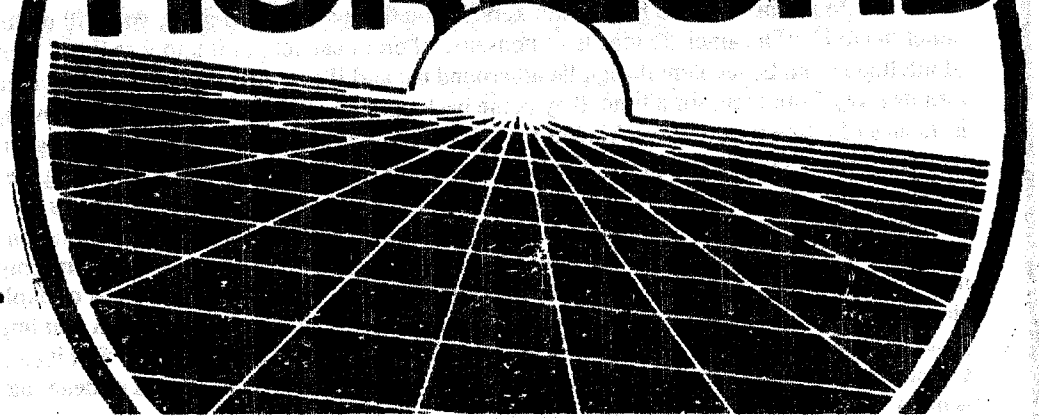

BRAIN TEASER - A rooster lays an egg at the very top of a slanted roof. Which side will it roll off on?

BIBLE QUIZ - What were names of Abel's brothers. Who said: Lord remember me when you come into thy kingdom

THOUGHT FOR THE DAY - Sometimes we are so busy adding up our troubles that we forget to count our blessings. I will remember the works of the Lord: surely I will remember thy wonders of old. I will meditate also of all thy work, and talk of thy doings. Psalm 77:11, 12

EXPANDING YOUR HORIZONS

HUMILITY

by Dalton Key

I have heard that there are two kinds of egotists: Those who admit it and the rest of us.

The unassuming nature of humility does not come easy for most of us. We boast of our achievements, our influence, our success. We come to feel that the world could not manage without us; we feel that if we hadn't been born, people would wonder why.

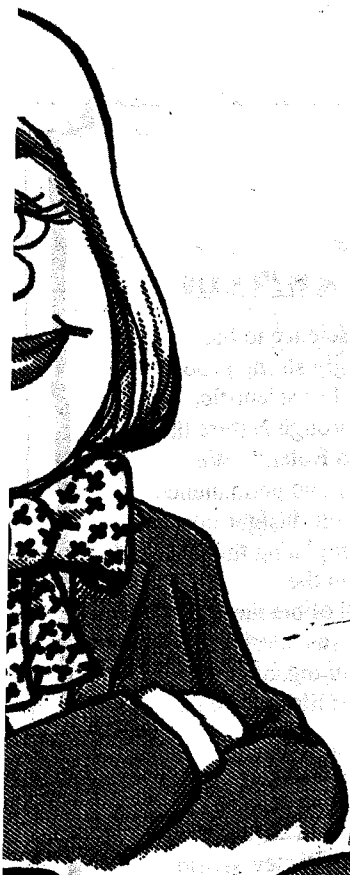

Not long ago I overheard a member of one congregation boastfully exclaim, "This church wouldn't last a week without me."

Many preachers will do everything but alter the figures to prove that their congregation's work is going better with them in the pulpit than it did with the last preacher.

Jesus laid down this divine principle: "For every one that exalts himself shall be abased: and he that humbles himself shall be exalted." (Luke 18:14.) Inspiration further admonishes us to be "clothed in humility: for God resists the proud, and gives grace unto the humble." (1 Peter 5:5.) Paul warned the Galatians by writing, "For if a man think himself to be something, when he is nothing, he deceives himself." (Galatians 6:3.)

Ironic as it may sound, the greatest of all men are generally those who fail to recognize their own greatness. We agree with John Ruskin who said, "I believe the first test of a truly great man is humility."

May we be willing to say with Paul, "God forbid that I should glory, save in the cross of our Lord Jesus Christ, by whom the world is crucified unto me, and I unto the world." (Galatians 6:4.)

FOUNDER OF THERMODYNAMICS - LORD KELVIN FROM BRITAIN

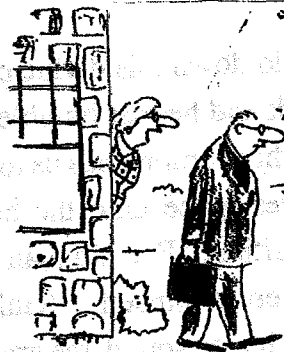

"Do not be afraid to be free thinkers. If you think strongly enough, you will be forced by science to the belief in God." "The atheistic idea is so nonsensical that I cannot put it into words." "Overpoweringly strong proofs of intelligent and benevolent design lie all around us; and if ever perplexities, whether metaphysical or scientific, turn us away from them for a time, they come back upon us with irresistible force, showing to us through Nature the influence of a free will, and teaching us that all living things depend on one ever-acting Creator and Ruler." "We feel that the power of investigating the laws established by the Creator for maintaining the harmony and permanence of His works is the noblest privilege which He has granted to our intellectual state. As the depth of our insight into the wonderful works of God increases, the stronger are our feelings of awe and veneration in contemplating them and in endeavoring to approach their author." "I have long felt that there was a general impression in the nonscientific world, that the scientific world believes Science has discovered ways of explaining all of the facts of Nature without adopting any definite belief in a Creator. I have never doubted that that impression was utterly groundless. Science can do little positively towards the objects of this society." "But it can do something, and that something is vital and fundamental. It is to show that what we see in the world of dead matter and of life around us is not a result of the fortuitous concourse of atoms."

THE INCREDIBLE AUTONOMIC SYTEM

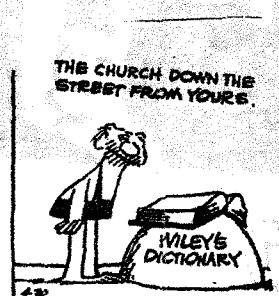

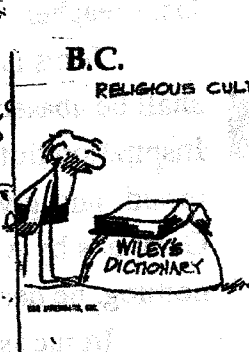

In spite of all of the hype and commercialism of Disney, there is always learning available, and always a constant reminder of God's design and wisdom in the world in which we live. One of the parks in the Disney World complex in Florida is the Animal Kingdom® Theme Park where a great deal of information is available about how animals live and survive in the natural world. Hippopotamuses are in the river, and the guide was explaining that a particular hippo was sound asleep. About the time the hippo rose and exhaled, blowing a blast of air and water droplets into the air, and then the animal submerged again. "One child said I thought you said he was asleep," "He is," said the guide. "They do that in their sleep." We ask how many autonomic systems there are in living things. You do not have to think to breathe. The autonomic system is part of our hard-wired system connecting our brain to various body functions that are carried on without our thinking about them. In our own bodies there are many autonomic systems connected with digestion, respiration, salivation, perspiration, pupillary dilation, and the like. In humans we know that these systems are located in the medula oblongata, and they are divided into three control centers—the respiratory center, the cardiac center, and the vasomotor center. These are further subdivided into different systems and controls so that our bodies run without our having to think about all of these functions. In the case of the hippo, the design of the animal's buoyancy, the location of its nostrils, and the timing sense it has allow it to breathe, hold its breath, and then breath again autonomically. This is a wonderfully designed system, peculiar to the needs of this animal. Ours too is suited to our needs—we are fearfully and wonderfully made (Psalm 139:14).

"Forty days and forty nights of rain? What about the environment?"

"Don't call anyone sinners until after the collection."
