THIS & THAT

THIS WEEK - PICK UP SEARCH FOR TRUTH CARDS - HAND OUT EVERYWHERE YOU GO
NOV FELLOWSHIP - Canceled due to Thanksgiving.
MEN/LADIES ACTION GROUPS LAST FRIDAY - Canceled due to Thanksgiving.
WINTER DINNER - ONLY FIVE WEEKS AWAY....
WORD OF THE WEEK - 2 Tim - Paul wishes Timothy to come to see him the end comes. Many have left him, and
Luke is loyal to the last. It seems that Timothy came, for in Hebrews we read Timothy has been set free. He apparently w
comfort to Paul just before he gave up his life for Christ and was beheaded.
TIP OF THE WEEK - Fill your cars windshield reservoir with de-ice windshield washer before the winter begins.
HUMOR - A little boy was attending his first wedding. After the service, his cousin asked him, "How many women can
marry?" "Sixteen," the boy responded. His cousin was amazed that he knew the answer so quickly. "How do you know that?"
"Easy," the little boy said. "All you have to do is add it up, like the Preacher said: 4 better, 4 worse, 4 richer, 4 poorer."
POWER FOR TODAY - They also sold a piece of property. They, too, gave the apostles a contribution. It's possible
they gave even more than Barnabas did. They just "fudged" some when they told the apostles how much they'd received
sale. What would it hurt? The poor benefited. The apostles would be happy to see the large gift. So the couple made a "slight
misrepresentation." This event teaches a powerful lesson. Fibs, lies, or whatever we say to spare us embarrassment or to r
look good have lasting consequences. God is serious. He expects honesty from us - always. We can fool all of the people
the time. Never do we fool God.
WHY - Why Are Salt and Pepper the Standard Condiments on Home and Restaurant Tables? When and Where Did This
Custom Start? No reason but they are as inevitable as the plate and silverware.
DEACONS WHAT DO THEY DO? - Deacons spend time with their families. They are family men (1 Tim. 3:12)
put the Lord first and they reliably carry out their deacon-related tasks, but they also need to be a husband, dad, and gran
They are men that have to juggle a busy schedule in order not to neglect what needs to be done.
LIFE IN USA - Nov. 1964: D.C. residents cast first presidential votes of the District of Columbia. The passage of the
Amendment in 1961 gave citizens of the nation's capital the right to vote for a commander-in-chief and vice president.

BEAT ABOUT THE BUSH & BARREL - Beat about the bush is another term that comes from the sporting field. To 'beat about the bush' is to tackle a subject in a cautious, roundabout way, as opposed to adopting a direct, headlong approach. This mirrors the careful way in which sportsmen might beat a bush to flush out any game that are hiding in the thicket.

GIANTS - J. C. Bailey was born in Ontario, Canada, and his father was a gospel preacher. He began preaching by age 2 in Montana and North Dakota. He was a tireless evangelist and had good success even in those barren fields. In the 1960's India was closed to American missionaries, and was discovered that workers from Commonwealth nations could freely enter and preach there. Bro. Bailey and his wife Myrtle left their home and moved to India. The results of his work there were astounding. In the first five years he baptized 20,000 souls. Before old age ended his work he had converted an estimated 180,000 Indians to Christ and planted more than 2,000 congregations.

A LYING TONGUE - Judging: Arriving at a verdict of "guilty" without all the facts (Matt 7: 1, 2). Exaggerating: Enlarging a thing beyond the bounds of truth. Presuming: Accusation backed up by probability instead of facts. Accusations: Condemning a person on purely circumstantial evidence.

A PROUD LOOK - Jesus warned His disciples that the world hated Him, and that the world would also hate us. "Ye who will live godly in Christ Jesus shall suffer persecution" 2 Tim 3: 12. Some want to follow Jesus only when others approve. But Jesus tells us that our acceptance must include our death to self-interests.

GRANDMA/GRANDPA LAWS - When it gets to be your turn, they change rules. Sooner you fall behind, the more you will have to catch up. Things that work in theory don't in real life. The colder the X-Ray table, more body required on it.

HOW TO FOLLOW JESUS - If the world is to see Jesus in us, then we must acquire the attitude of John the Baptist: "I must increase, but He must decrease" (John 3 :30)

NAME OF JESUS - GORY OF THE LORD: (Isaiah 40:5) And the glory of the LORD shall be revealed, and all flesh shall see it together: for the mouth of the LORD hath spoken it.

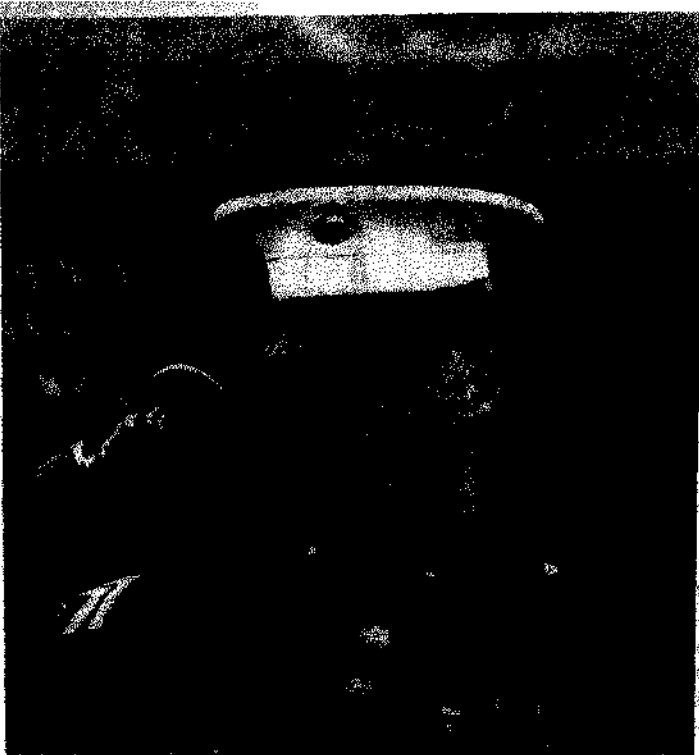

STATESIDE/OVERSEAS - HQ SUPPORTED/TOOELE/LEE PADILLA - New minister @ Tooele - Lee Padilla and daughter Hannah. Graduated from Southwest School of Bible Studies, my father, and nephew are also Ministers. Our son is presently enrolled with the Florida School of Preaching and if it be God's will, he will graduate this May. I am Hispanic my work has been at times preaching and teaching in Spanish and in English. At the present I am preaching in English. Let me express this Congregation's sincere gratitude for your steadfastness and loyalty by way of your support believing that good can come from such acts as expressed by your gracious gift.

EXPANDING YOUR HORIZONS

VETERANS' DAY

Do you remember - the REAL AMERICA?...

When riots were unthinkable...

When you left the front doors open...

When socialism was a dirty word...

When the flag was a sacred symbol...

When criminals actually went to jail...

When you weren't afraid to go out at night...

When taxes were a necessary nuisance...

When a boy was a boy and dressed like one...

When the poor were too proud to take charity...

When the clergy actually talked about religion...

When clerks and repairmen tried to please you...

When songs had a tune and the words made sense...

When young fellows tried to join the Army or Navy...

When people knew what the 4th of July stood for...

When a Sunday drive was a pleasant trip, not an ordeal...

When you bragged about your hometown, and home state...

When everybody didn't feel entitled to a college education...

When people expected less, and valued what they had more...

When politicians proclaimed their patriotism, and meant it...

When everybody knew the difference between right and wrong...

When our government stood up for Americans, anywhere in the world...

When you knew the law would be enforced, and that your safety was protected...

When the law meant justice, and you felt a shiver of awe at the sight of a policeman...

When you weren't embarrassed to say that this is the best country in the world...

When America was a land filled with brave, proud, confident, hard-working people...

When God was honored and revered as GOD!...

May God help us to restore that STATE!

THE COMET IS COMING

A newly discovered comet named C/2012 S1 (ISON) Best time to see will be on Dec 26th all night long. This appears to be brighter than any comet that has been seen since 1680, being as bright as a full moon. The last time we had a bright comet was when Heaven's Gate cult group to commit mass suicide in 1997—supposedly so they could catch a ride on it. A comet is simply debris left over from the production of the solar system. What will be unique about this one is its brightness, but an ignorant public is likely to attach all kinds of weirdness to its appearance.

HUMAN MICROBIOME DISCOVERED

This is probably a new word for you, because according to scientists we have discovered something that is "like finding an organ we didn't know we had." In the past ten years researchers have discovered that the human body hosts 100 trillion benign bacteria which help us digest food, program the immune system, prevent infection, and even influence mood and behavior. This host of bacteria is now called our "microbiome." We sometimes think of bacteria as what make us sick, but in reality most bacteria help us live and are carefully designed and constructed tools to shape our lives. "I will praise you Lord, for I am fearfully and wonderfully made" (Psalm 139:14).

KILLING OURSELVES

The American Lung Association in its 2013 "State of the Air" report has rated the ten dirtiest cities in the U.S. Seven of the ten are in California with the Los Angeles area being number one, and the Bakersfield area number 2 through 5. Houston and Dallas are numbers 7 and 8, and Washington D.C. is number 9. The data shows that we already have 1,000 excess deaths every year due to pollution of this type, not to mention the pain and suffering that pollution causes when it does not cause immediate death. A vast percentage of human suffering is due to our careless use of what God has given us, not to some failing on God's part.

MISUNDERSTANDING CLONING

A well known theologian, Sean O'Malley, has called human cloning immoral saying, "Human cloning treats human beings as products, manufactured to order to suit other people's wishes." That reminds me of the first complaints by some theologians against surgery when the first surgery to remove a dead fetus from its mother's womb was being done. They maintained that opening the human body was usurping God's authority. In May it was announced that cloning has been used to make human embryonic stem cells, opening the door to making new organs out of a patient's own tissues. Imagine the potential for good of being able to make a new liver out of your own cells to replace a cancerous liver! There would be no rejection because it was your cell material that was used, and the old cancerous organ would be no longer a part of your body. Understanding God's design for life is giving man the ability to eradicate much of the disease and suffering that is a part of this world.

ALIEN WORLD COUNT CONTINUES TO CLIMB

The study of exoplanets (planets orbiting stars other than our sun) is expanding rapidly. Science magazine has a detailed discussion of the data and how it has been secured. Over 900 planets have been confirmed to be orbiting stars in our galaxy, and over 3,000 have been detected but not verified. During its lifetime the Kepler orbiting telescope was able to provide a wealth of data showing that the creation process has spawned massive amounts of matter in space providing unlimited horizons for man to explore and venture into. What an exciting time to live, when an unlimited universe is opened up to man and with resources so enormous that our only limitation is our ability to get along with each other. That is a problem that only the principles given to us by God can solve.

"Take two whenever you can get the cap off." "How much for one with a tank full of gas?"

"OK, I have just enough time to skirt one more issue."
