NEWS - Telepathy wanted. You know where to apply.
HOMOSEXUALITY - Is the big debate of our time, and my statement viewed as anti-homosexual-even a simple
 endorsement of traditional marriage is automatically condemned as biased, intolerant, and "hate" speech. Under such relentless
 pressure, many have changed their views in recent years, including prominent politicians and media personalities. Even some
 religious people are now saying that the Bible does not condemn homosexuality or forbid homosexual marriage. To the contrary,
 the Bible plainly states God's views of marriage and sexuality and the church's most eager its voice into this discussion.
HOMOSEXUALITY - Asking dumb questions is easier than correcting dumb mistakes. He who hesitates is probably right.
 When all else fails, try the boss's suggestion. Been there Done that How about you?
POWER FOR TODAY - In the last chapter of Job, after all the misery had passed, Job lived 140 more years. He didn't
 know what long life was ahead. If you start to feel old today and think, "This is it." Remember your salvation! Or if you find that
 this is just an "ordinary day" after all, live it with priorities and confidence and joy-as if it were your last.
KIDS IN SCHOOL - The body consists of 3 parts-Brain/Brain/Brain. The brain contains the brain, the
 bones contains the heart and lungs, and the abominable cavity contains the bowels, of which there are five: a, c, i, o and u.
FRUIT OF INTEGRITY - Americans agree to the following: Abandon family/church 25% - Become prostitute 23%
 Give up citizenship 16% - Would let a murderer go free 10% - Would kill a stranger 7% - Put children up for adoption 3%.
 Integrity has no price. Christians cannot be bribed to do wrong, no matter how many zeroes are on the check. But, like Esau, we
 might sell out for a much smaller "mess of postage. Genesis 25:33-34.
WINE - Do fish float upside-down when dead - Much of a fish's body weight is concentrated along the base structure of the back
 and skull. It is not uncommon to find dead fish floating with heads down.
DEMONS WHAT DO THEY DO? - The word "demon" is used in only two NT. Philip 1:1, to all the saints in Christ
 Jesus which are at Philippi, with the bishops and deacons/Tim 3, qualifications/requirements for deacons are listed. "Likewise
 must the deacons be grave let them use the office of a deacon let the deacons be the husbands of one wife ... For they that have
 used the office of a deacon well ..." (1 Tim. 3:8,10,12,13).

LITTLE WAR - Sept. 1, 1864: Atlanta falls to General William Tecumseh Sherman. Confederates retreated, destroying the

 1 Peter 1:3. "All things" pertaining to life and godliness given in first century. 2. Hebrews 1:1-2: God spoke through His Son.
LOCK STOCK & BARRELS - At one time a purse consisted of a leather pouch drawn to a close with a string. Holding the
 purse strings ensured that you controlled when the purse was opened and therefore when money was spent or deposited in it. The
 design of purses may have changed over time, but the metaphor still holds true.
SENATE - **Sts. Gervasius & Prothas** - Took the gospel of Christ to the people of present Germany and Eastern Europe. After
 attending Abbeys Christian College, Eco. Ostewood worked among the Moravians in Utah. Following World War II, he and
 others were sent to Germany to plant New Testament Christianity among the defeated German people. Gatewood was a great
 man of God whose dedication is memorialized in the many churches he helped to plant in Europe.
NAME OF DEE - **DELIVERER**: (Romans 11:26) And so all Israel shall be saved: as it is written, there shall come out of
 Zion the Deliverer, and shall turn away ungodliness from Jacob:
STATEMENT OF FAITH - NO SUPPORTERS/NO CURE/NO JESUS - I was invited to speak at denominational
 churches. The Believer's Church/Pentecostal/Hospital, all three are interested in learning about the New Testament Church that
 stands in stark contrast to the deconstruction of the world. I preached again on the need of being just Christians only.
NAME ONE - Finish "For me to live is Christ. What are 3 colors of horses in Rev. What city did Abraham refect goods.
HEAVENLY - I met a woman strolling with her daughter. "What a lovely child." I remarked. "In fact, I have a younger
 child as well," she replied. What is the probability that both of her children are girls?
THOUGHT FOR THE DAY - The doors of opportunity are marked "Push" and "Pull." The soul of the sluggard desireth,
 and hath nothing; but the soul of the diligent shall be made fit. Proverbs 13:4
WEEKLY REMEMBRANCE - Cut & Keep - Acts 16: 32-33 - And they spoke unto him the word of the Lord, and to all
 that were in his house. And he took them the same hour of the night, and washed their stripes; and was baptized, he and all his,

EXPANDING YOUR HORIZONS

WATCH THEM WORDS

"Even so the tongue is a little member, and boasts great things." (James 3:5.)
 The tongue may be small in size, but don't let the size fool you. The awesome power of the spoken word has started wars, impassioned soldiers, and assured conquests. And by this same power of speech other wars have been brought to a peaceful end, and still others avoided altogether.

"And the tongue is a fire." (James 3:6.) Fire can be either a blessing or a tremendous force for destruction. When used properly and handled carefully, a fire will warm your house. The same fire, left unattended, may well burn your house to the ground! In like fashion, the tongue possesses a great potential, either for good or for evil. It comforts or destroys, helps or hurts, depending upon how it is used.

"But the tongue can no man tame." (James 3:8.) Notice James does not say we can't control the tongue; he says we can't tame it. Many of our house pets are tame - they are neither bound nor caged. But a wild mountain lion, though secured within a cage and thus controlled, is far from tame. By practicing self-discipline, we can control the tongue; but it will never be tamed - we can never trust to leave the tongue unmonitored or ungarded.

"Out of the same mouth proceeds blessing and cursing. My brethren, these things ought not so to be." (James 3:10.) Too many professed disciples bless God on Sunday morning only to curse His name during the rest of the week. Many husbands and wives are more than cordial to any stranger they happen to meet on the street, but aren't even civil to one another. And how often do we "bless" someone to his face, only to "curse" him as soon as his back is turned? Indeed, "these things ought not so to be."

What have you and your tongue been doing lately?

YOUNG ADULTS LESS RELIGIOUS, JUST AS SPIRITUAL

A study of 35,000 people by the University of Chicago has shown that they are less religious but just as spiritual as previous generations. Twenty-six percent of ages 21 to 30 say they have no religious affiliation, as opposed to less than 10 percent of ages 55 and older. Forty percent of ages 21 to 30 say religion is important in their lives, and 41 percent pray daily. Those numbers are basically the same as the older group. Fifty-three percent say they are certain that God exists, which is again about the same as the older group. The bottom line is that organized religion and churches in general are not meeting the needs of the younger people in this country, but they are still searching and open to learning about God. We would suggest that the failure of churches to address major questions in apologetics, is catalyzing the lack of participation in church work and activities.

DINOSAUR EXTINCTION BY ASTEROID ACCEPTED

One of the main issues in Darwinian evolution is the assumptions made about earth history by naturalists. That assumption is that no process has ever operated in the past on this planet that is not operational today. In 1980 Luis and Walter Alvarez provided evidence that an asteroid struck the earth and the aftermath of that collision wiped out the dinosaurs. Many naturalists have denied such an explanation, because it is not happening today and would be fatal to some theories. A team of 45 internationally known scientists was assembled to study the evidence and report to the scientific community on the results. Their conclusion confirms that an asteroid collision "shrouded the planet in darkness and caused a global winter, killing off many species" The evidence is too strong to deny, but those who wish to explain everything in earth's history by natural processes will almost surely continue to deny it.

STEPHEN HAWKING AND ALIENS

The Bible does not say that this planet on which we live is necessarily the only place where God has seen fit to create life. If there is life in outer space, God created it if life is discovered, do not throw your Bible away. In a Discovery Channel program titled "Into the Universe" Stephen Hawking warns scientists to "think very carefully about whether we want to broadcast our existence to a potentially hostile universe." His point is that if aliens exist, and if they function by the alien guiding principle of survival of the fittest, they would be "looking to conquer and colonize whatever planets they can reach." That is a logical evolutionary conclusion. We would suggest they might also ask, "Has Jesus been here yet?" and proceed to tell us why we should follow His teachings.

THE COMET IS COMING

A newly discovered comet named C/2012 S1 (ISON) will swing by the earth in November 2013. This appears to be brighter than any comet that has been seen since 1680, being as bright as a full moon. The last time we had a bright comet was when Heaven's Gate cult group to commit mass suicide in 1997—supposedly so they could catch a ride on it. A comet is simply debris left over from the production of the solar system. What will be unique about this one is its brightness, but an ignorant public is likely to attach all kinds of weirdness to its appearance
