HUMOR - Life - First 20 yrs we eat, sleep, play and enjoy ourselves. Next 40 we slave in the sun to support our family. Next 10 years, we do tricks to entertain the grandchildren. Last 10 years, we sit on the front porch and bark at everyone.

HOMOSEXUALITY - Born Homosexual? Is homosexuality a matter of chance or choice? Debate continues as to whether individuals are born with homosexual orientation, choose it, or have psychological issues that play into same-sex attraction. Many homosexual advocates argue against being "born gay." Those who study biological traits note that if a "gay gene" existed, it would soon be eliminated from the gene pool because homosexuals do not reproduce. Scripture says that "men with men" and "women with women" is unnatural (Rom 1 :26-27) and "strange flesh" (Jude 1 :7). Thankfully, any sin can be overcome by the gospel's power (Romans 1 :16; 8:13;

POWER FOR TODAY - One thing that Psalm 6 gives us is a language for times of great struggle and despair when we hardly know what to say to God and may not even have the words to pray. There is assurance here that God can hear our complaint and will indeed respond, that our groaning and weeping will not put Him off. The psalmist goes on to say, "For the LORD has heard the sound of my weeping. The LORD has heard my plea; the LORD accepts my prayer."

WHY - Why Does Menthol Feel Cool to the Taste and Cool to the Skin? The interior of the mouth and skin contains many thermoreceptors that respond to cooling. Menthol has the ability to "trick" those thermoreceptors into responding. The brain receives the message that what is being felt or tasted is cool.

JUDGING - It is wrong to judge others prematurely (1 Cor 4:5). Who art thou that judgest another man's servant? ... by dost thou judge thy brother? or why dost thou set at nought thy brother? for we shall all stand before the judgment seat of Christ ... Let us not therefore judge one another any more (Rom 14:4-13).

DEACONS WHAT DO THEY DO? - Deacons receive assignments from the pastors (elders). The eldership oversees and bears the ultimate responsibility for every activity of the local church. In all that constitutes the church's worship, evangelism, benevolence, edification, and use of the physical facilities, the elders assign each individual deacon specific areas in which to serve and take the lead in carrying out particular activities.

MAN'S OR GOD'S WAY - Investigating The Mormon Church - The Church of Jesus Christ of Latter Day Saints, better known as the Mormon Church, was organized on April 6, 1830, at Fayette, New York, by Joseph Smith, Jr. He said he received in the woods one day a vision of a great light. Instructions from God were not to join any of the sects, because God was about to restore the ancient gospel that had not been represented in its fullness by any of the churches existing at the time.

SNAPSHOTS OF LIFE - LIFE IS SHORT "Man that is born of a woman is of few days, and full of trouble" (Job 14: 1) "Where as ye know not what shall be on the morrow. For what is your life? It is even a vapor, that appeareth for a little time and then vanisheth away" (James 4: 14). "For all flesh is grass, and all the glory of man as the flower of grass, the grass withereth and the flower thereof falleth away" (1 Pet. 1:24).

He conducted two daily radio programs, edited a gospel paper, did his local work and held countless gospel meetings across north Alabama. Bro. Nichols' book on the Holy Spirit helped many young men have a better understanding of the Spirit's role in our lives.

Some Positions That We Believe And Teach At HG

Our elders, Jerry Dorman, Weldon Brewer, Johnny Atkins, minister Dale Parker, and the assemble of dear hearts believe in the one true and living God presented in the Scripture and revealed through the creation (Psa 19: 1-6). God is eternal in existence and He is the Creator of the universe (Gen 1: 1-2:7). There are three eternal figures that comprise "the Godhead, the Father, the Son and the Holy Spirit (Matt 3:1-5-17). These three are perfectly united (Jo 14:26; 16:13; 17:20). They are co-equal, co-substantial, and co-existent! The Bible is God's inspired message to mankind (11 Tim 3:16-17). It supplies every form of instruction that we need in life in order to know and please God (11 Peter 1:3). The New Testament is the standard for HG Christians during this final dispensation of time (Col 2:14 -16; Heb 8-10). These instructions serve as the ultimate authority for the dear heart faithful members live according to God's law! (John 14:6; Colossians 3: 17).

We believe that God is responsible for the establishment of local, state, national and world governing bodies (Romans 13: 1). God's Word teaches that these elected officials are put into place for the purpose of protecting human life and man's liberties (Romans 13:3, 4). These leaders are responsible for making and upholding the laws of the land. The leaders within these government agencies serve as figures of authority. Every soul that dwells on earth must submit to the rule and regulations ordained by the authorities of that given nation and time (Rom 13:5; Matt 20:20-22). When people "resists the authority" established by God, they also "resist the authority of God" (Rom 13:2). Since the beginning, God has required mankind to consult His counsel for all matters pertaining to life. If man's laws contradict God's laws, then the dear heart Christian must obey God rather than man (Acts 5:29).

We have seen the last fifty years a decline of morality in America and the world concerning Biblical marriage. What can we do to change this and return to serving God with all our hearts? Our government documents and inscriptions placed throughout the land reveal that the founding fathers believed in God and established the United States of America upon godly principles. We see daily this decay through agendas to accept and sanction same sex relationships through the legalization of same sex marriages. Oklahoma has made a stand to follow what God has ordained, but many states have passed legislation to legalize this immoral behavior, these practices are not lawful in the sight of God (Gen 19:1ff; Rom 1:18-32). God created the male and the female for one another, and this marriage should be for life (Rom 7:1ff).

We are fully convinced that God condemns any form of sexual relationship that does not comply with His holy standards on the marriage between a husband and the wife (1 Cor 7:1-5; Heb 13:4). This condemnation would pertain to premarital, extramarital, incestual, homosexual and bestiality type relationships (1 Thess 4:4; Lev 18:6-18, 20-23). HG Christians can only engage in Biblical fellowship with those of like faith (1 John 1:7-10; 11 Corinthians 6:14).

According to God's word if any dear heart endorse sinful behavior, they will be condemned by Him (2 Jo 9-11; 2 Cor 5:10). Our Father requires sinners to repent of their sinful lifestyle as they put Christ on in baptism (Lk 13:3-5, Rom 6: 1-7). For this reason, HG will continue to teach and preach against the practice of homosexual relationships and all forms of sin (1 Peter 4: 11; Acts 20:27). To those who are searching for the one true church, our elders encourage you to don't be attending a church for convenience or for what they may offer you; but one that is true to the Bible and is interested in nothing else!

**Our goal is to educate people about God's commandments
in an attempt to win their soul to Christ.**

MORE DATA ON EARLY OXYGEN EXISTENCE

For the past forty years or so, it has been popular to propose the Miller-Urey hypothesis on the origin of life. This proposal was based on Stanley Miller's experiment in which amino acids were produced in an anaerobic (no oxygen) container where ammonia, methane, hydrogen, and water vapor were subjected to an electrical discharge. Critics pointed out that the contrived environment in which a trap removed the amino acids before the discharge could destroy them, was not comparable to the early earth environment. Since then it has been shown that the chemicals put into the container were based on their chemical activity, not the evidence of what was actually present on the earth. A recent report from the Marble Bar chert formation in Australia, which was formed during the time when life is believed to have started on earth, has hematite (an iron oxide mineral) in the sediments. This mineral is formed in an oxygen-rich environment and indicates that the assumption that the primitive earth was anaerobic is false. The more we learn about the history of the origin of life on earth, the more unique life seems to be

STEM CELL MISREPRESENTATION CONTINUES

One of the most glaring examples of distortion by the media has been the kind of information presented about stem cell research. Michael J. Fox, extolled the virtues of embryonic stem cells as a way of treating Parkinson's and other diseases. The media made great notice of a biotech company that received FDA approval to do human clinical trials of embryonic stem cells to treat spinal-cord injuries. Three major studies in the past 4 years have shown that adult stem cells are already being used to treat spinal-cord injuries. They also are being used to treat more than 70 conditions—cancer, arthritis, and a variety of genetic disorders. Problems also continue with embryonic stem cell use as tumors and other control issues beset the research. It is important to know that adult stem cell research is already going on, that it does offer tremendous promise, and that it is already in practical use. However, the notion that embryonic stem cell research is the only hope and that cures are being held up by religious people is not true. Research must be moral and responsible, and killing babies to do research is not being responsible.

ATHEIST BUS ADS EXPANDING

We mentioned previously the atheist ads on buses in London, Washington, and Chicago. The campaign has expanded to other cities. In the midwest, the area around Notre Dame and Indiana universities have been targeted, and ads are being run in Indianapolis. The ACLU has gotten into the situation in places like Indianapolis where local people resisted the ads being accepted. The atheist web site for these ads is www.inatheistbus.org.

NUMBER OF BABIES WITHOUT MARRIED PARENTS IS GROWING

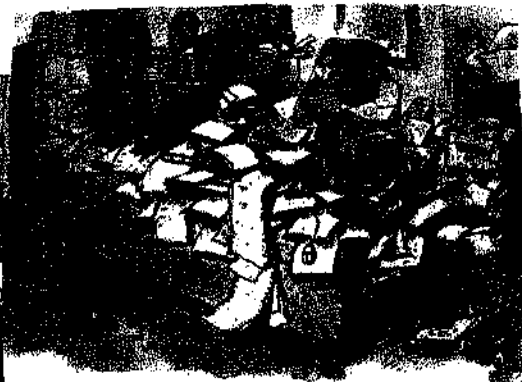

While homosexuals campaign for being allowed to marry, the growth of straight couples having children without getting married is skyrocketing. Five million couples cohabit in the United States today. That is roughly eight times the number in 1970. Forty percent of all babies born in 2009 had unmarried parents. That is up from 25 percent in 2013. Non-marital births among women ages 25 to 39 has doubled since 1990.

EARTHQUAKE DANGER LESSENS.

The New Madrid fault caused one of the largest earthquakes in U.S. history in late 1811. The quake was so severe that the Mississippi River ran backwards for several hours. Measurements made along the fault show that the stress levels have decreased substantially in the past several years. Doomsday articles keep appearing in a variety of periodicals saying that earthquakes are increasing and that the end of the earth as we know it is near. There is no question that some areas of the world will continue to have earthquakes, but the more we understand what causes these energies to be released the more we see they are just a natural.
